

Where to go

In the area there are also many nice routes for hiking in the hills. You will find most trails on the tour map of Nærøyfjorden, 1:50.000

Background

Indre Sogn Kystlag is an organization connected with the Forbundet Kysten, which is working to protect and develop cultural values along the coast and in our fjords.

The goal is to protect thru use. Visit their website:

www.norveg-sognefjord.no

Every "Kystled" is cooperating with Forbundet Kysten, the Norwegian tourist association and Friluftsrådernes Landsforbund. Kystled Nærøyfjords is also a partner in Nærøyfjorden World Heritage Park, a bearer of nature- and culture- based development of society and local livelihood.

Visit their website: www.kystled-sogn.no and www.naroyfjorden.no

Using the fjord and landscape

All traffic is free, and cared of by Norwegian law of outdoor life and environment. This law regulates the use of desolate areas and farmland. According to § 9 you may camp max. 2 nights at the same place in desolate areas, but not on farmland without the owners permission. It is prohibited to leave any garbage behind, or cause any harm or damage to nature by lighting fire etc. Keep our tradition alive, and protect our fjord and world heritage clean ! For questions, please call Statens Naturoppsyn Aurland, tel. 57 63 22 12.

Have a nice journey!

Kystled Nærøyfjord

World heritage course in Aurland municipality

Experience the Nærøyfjord in a traditional wooden boat !

Indre Sogn Kystlag has developed a network of places to stay overnight along the Nærøyfjord and Aurlandsfjord. The old shipping lane between these villages, farms and other areas is now available for the people who wish to travel in a vessel without an engine. This network is called Kystled Nærøyfjord. Whether you want to hire or use your own kayak, canoe, rowing boat or sail boat, it is a journey of peace and quiet, of history and rural lifestyle in environmental sound surroundings. Kystled Nærøyfjord is the owner of 3 new wooden boats, copies of old traditional boats from the district.

Boats for hire

These old fashioned, beautiful boats are for hire.

At your own pace and ability you may enjoy an inexpensive holiday on the fjords. Each boat is 15 ft. long, and give room for 2-4 adults. They are equipped with 2 sets of oars, adequate rope and grapnel, 4 life vests and a map of the fjords.

The use of these boats is on one's own responsibility, but safety instructions and practical advice will be given before leaving.

Knowledge of open water vessels are required, and it is necessary to fill in a lease before departure.

Flåm

Flåm Marina & Appartement,
Phone: 57 63 35 55
www.flammarina.no
